

## Summer School 2021

**Total Spend: £29,732.75**

**Amount received: £29,732.75**

### **Aim of the programme**

The aim of the Government funded programme was to deliver a short summer school with a blend of academic education and enrichment activities. BCA's Summer School was open to all Year 6 students who has been offered a place in our Year 7 cohort on September 2021. We wanted to offer the provision as part of our extensive Transition programme. The move to secondary school can be challenging for some and we were acutely aware that the impact of the pandemic has increased this challenge.

Students were invited to opt into one of two weeks meaning they were on site for 5 full days. They engaged in a range of activities with our very own staff with academic session including English, Maths, Performing Arts and PE.

We also spend a day on the outdoor climbing wall and took part in archery session with our skilled instructors. All of the food and drink were supplied for the students and were cooked on site by our very own support staff. Students also spent a day working with leaders from 'The Standing Tall Foundation' learning life skills and working as a team.

Pastoral and support staff were on hand throughout the week to ensure a safe and secure environment for our groups,

### **Benefits of the programme**

The 103 students who attended had the opportunity to:

- build a community with their fellow pupils
- forge relationships with new teachers
- familiarize themselves with their new school environment
- feel part of the BCA community and remove any potential barriers to learning
