

Effective revision strategies for ENGLISH

1. GC quizzes will be provided by teacher.
2. TCAT tests come with a revision guide. This guide includes key information that will be included on the test and some ideas for revision. E.g. flashcards can be used for vocabulary and for key methods such as metaphor, personification and hyperbole.
3. BBC Bitesize and Youtube have grammar-focused videos if there is a particular area a student is struggling with e.g. semi-colons, direct speech.
4. Students can create their own “knowledge organiser” of key knowledge/ facts/ methods/ context for a particular topic.
5. Independent quote explosions at home will support students’ 5 point layered paragraphs.
