12 December 2024

Dear Parents and Carers,

Re: Completion of Pedestrian Access Project and New Parking Rules

I am delighted to share that our pedestrian access project is now complete and will be operational from 12th December Thursday. The enhanced pathways will significantly improve the safety and convenience of access for students and visitors on foot. This marks another step forward in ensuring a secure and welcoming environment for everyone at our academy.

In conjunction with the completion of this project, we are introducing new parking rules to ensure the smooth operation of the school grounds. These guidelines are designed to prioritise safety, accessibility, and the efficient use of space.

Key Updates to Parking Rules

- **Enhanced Accessibility for Student Blue Badge Holders**
We have designated parking spaces exclusively for Blue Badge Holders, two of which have been reserved for two student holders - to ensure that students with disabilities and their families have safe and convenient access to the school. A unique carpark passcode will be issued to parents of students under this category.
- **No Parent Drop-Offs or Pick-Ups in the School Parking Area**
To reduce traffic congestion and ensure student safety, **parents are kindly requested to refrain from using the school parking area for drop-offs or pick-ups.** Alternative drop-off points have been established outside the school premises for your convenience. Parents and visitors are able to use Tetley's carpark for this purpose.

These changes will come into effect from **6th January 2025**. We kindly ask for your support and understanding as we implement these measures. Your co-operation is essential to ensure the continued safety and efficiency of our school grounds.

If you have any questions or require assistance regarding the new pedestrian access or parking rules, please do not hesitate to contact us.
